## Fishing was Good--But

They are claiming a record for Friday. Ed Watkin, Russell Ady and a "friend" went out west and came home with 52 fine Lock Leven trout.

On Sunday, however, Charlie and Bobby Mortimer, Russell Ady and Tom Johnson went out to try and beat that record, but--they got home Monday afternoon with an almost empty gas tank, a blown-out tire, a borrowed pair of chains and only a few fish. Somebody said "It must have been a wonderful day".

## Obituary

Mrs. GEO. BABCOCK

Mrs. Esther Babcock, aged 54 years, the wife of Mr. George Babcock, passed away at the Didsbury Hospital early Saturday, after a short illness.

She was born at Tilsley, England, and came to Canada in 1925. She was married to George Babcock at Medicine Hat in 1928, where they resided until 1932, when they moved to Red Deer. Two years later they came to Didsbury, where they have since resided.

She is survived by her husband; one sister, Mrs. Harry Huddleston, of Calgary; and one brother in England

The funeral was held at the Knox United Church and the interment at Didsbury cemetery, Rev. D. Whyte Smith officiating.

The pallbearers were Messrs. W. D. Spence, H. Morgan, R. E. Lantz, H. M. Bowman, George Law and George Parsons Jr.

Fisher Funeral Home was in charge of arrangements.

## Didsbury Jottings

By A.C.H.

Didsbury Air Cadets are losing seven of their number at the end of their cadet year this week. These cadets are now of military age

Sgt. Robert Young has joined the Air Force as a Wireless Air Gunner; LAC Erhard Rinehart and LAC Alan Chandler have both put in applications for the Air Force.

Flt./Sgt. Clarence Johnson, who has done such splendid work with the cadets, was turned down on account of one weak eye; so, Clarence has joined the Navy, we hear.

We expect that the navy is broader minded about the eye question since Nelson put his blind eye to the telescope at Trafalgar. Clarence has joined up as Ordinary Seaman, Wireless. Sgt. Roy Reiffenstein has also joined the Navy as Ordinary Seaman, they tell me. Roy wants a quiet, peaceful life on the ocean wave.

Sergeants Glen Hallman and Frank Haley are still making up their minds as to where they will dispose of their services.

These cadets have all been trained in Didsbury Squadron 197

## Notes From the West.

The Elktion Willing Workers met at the home of Mrs. Konechuk on Wednesday of last week. A quilt was tied for the Red Cross and it was decided to get together a complete outfit for a Greek child, also to fill a ditty bag for a sailor boy. A special meeting will be held Friday at the home of Mrs. C. Radke, to pack parcels for the boys overseas. It was also decided to hold a sale of work in the fall to raise funds. The next meeting will be the third Wednesday in July instead of the second, on account of the Calgary Stampede, at the home of Mrs. Royman

The Elktion school team went to Westcott Thursday evening to play ball, the score being in favor of Elktion

Mrs. E. Parker, Mrs. O. Krebs, and Mrs. A. L. Hogg attended the W.I. conference in Olds on Saturday

Mr. and Mrs. T. Stevenson of Westcott, visited the former's mother at Sundre on Sunday, calling on the latter's parents. Mr. and Mrs. Papke, on their way home

Hollis Anderson of the Canadian Navy left for Halifax early Saturday morning

Sgt./Air Gunner Robin Sutherland is home on furlough

Mrs. A. L. Hogg, convener of the Didsbury district W.I., wishes to thank all those who helped to make the conference last Friday such a success

Mr. and Mrs. Bob Hutchinson are spending a few days with the latter's parents, Mr. and Mrs. F. Byrt, before returning to B.C.

ARTILLERY SIGNALLER WORK UNDER FIRE.

The Royal Artillery seldom mentioned in the news supplies one of the most vital needs of the guns in action. He lays the wires and operates telephones from forward observation posts to the gun positions. Picture shows an R.A. signaller taking orders from the observation post and communicating them through the field telephone to the battery.

## W.I. Convention

The Didsbury Constituency Conference of the Women's Institute was held in the United church on Friday, June 23rd, with the constituency convener, Mrs. A. L. Hogg, presiding. Mrs. Alfike and Mrs. A. V. McGarman, district directors, were speakers.

Reports showed a total membership of 94, and \$516.50 was the amount of money raised in the constituency

The musical part of the program was contributed to by Mrs. R. A. McFarlane, Miss Zook, Mrs. Coates, Mrs. Pearson, Mrs. Hilop, Miss Collins, Miss Margaret Adshedd, Shirley Liesemer, Norma Parson, Joyce Topley, Pauline Bowman and Louise Bateman.

Miss Norma Hogg, district economist, of Calgary, judged the handicraft exhibits most efficiently; Mountain View taking first place with 60 points, Westcott second with 54, Rugby third with 46. Lene Pine and Bancroft tied with 24, and Cremona 8.

Mrs. Max Wood was elected convener of handicraft in place of Mrs. B. St. Clair, who has left the district, and Mrs. Hogg was re-elected constituency convener.

## M.B.C. Church Notes

The Didsbury Annual Camp meeting begins on July 27th and continues through to August 6th. It is later than usual this year because of the late day of the closing of the schools.

The evangelist is Rev. H. E. Miller of Ohio, and the director of music is Mr. A. Dyck of Portland, Oregon. Begin to plan now to attend this camp.

On Sunday, July 2nd, the pastor will speak upon the theme, "The church's paramount danger", at 2:30, and at 7:45 "How may a man be pardoned". You are heartily invited to be present

## FARMERS!

We have made arrangements to establish a  
**Cold Storage Locker Room in Didsbury**

Under the regulations of the W.P.T.B. it is necessary to have applications for 60% of the lockers, together with one year's rent (\$12.00) paid into The Royal Bank of Canada at Didsbury.

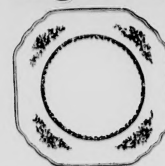

If you desire a Locker please call at the Royal Bank and secure yours, as there is only a limited number.

Owing to gas rationing and the shortage of rubber, it is impossible to make personal calls.

**The World of Wheat**  
by H. G. L. Strange**THE QUESTION OF  
FREE TRADE**

The importance of the freedom of international trade is gradually dawning on our farmers, and on many other persons both in Canada and in the United States.

We are all beginning to realize that it is only proper and fair that the excess foodstuffs we produce, and which we cannot consume ourselves, should be made available on reasonable terms to the people who live in crowded cities in other countries, and who cannot grow their own food. We are beginning to realize, too, that these reasonable terms are no more or less than that we should accept their money in payment for the foodstuffs we produce, and which they so badly need for their very existence. We are beginning slowly to understand that the only kind of money these hungry people have in the long run is the fruit of their own toil, the goods and commodities they themselves have produced.

This all means, in short, that if we are to sell our excess foodstuffs to these many millions of people in many other countries, then we must be willing to accept their goods and commodities in exchange. This can only be done by tearing down these evil tariffs and quotas which today, and for some twenty-five years past, have obstructed for goods and commodities from crossing our frontiers.

**Water Supplies, Etc.**

Once more, we are pleased to announce that The North-West Line Elevators Association will be represented on the B class fair circuit by an agricultural exhibit.

No effort is spared to make the exhibit interesting, instructive and attractive. The main theme is always developed around an important agricultural problem. This year, farm water supply is being featured. In addition, side exhibits have been prepared on wheat stem weevil, oil seed by-products, additional uses of wheat and barley, seed germination and disease, etc.

It is a pleasure to acknowledge the generous assistance of officials of the Dominion Department of Agriculture, particularly those engaged in P.E.R.A. work. Model diagrams and plans have been prepared so that proper construction and position in relation to farm buildings and fields can be illustrated. Additional detail is provided in a pamphlet which will be available to all visitors.

Everett Robertson, B.S.A., will accompany the exhibit as agricultural adviser. One of his chief duties will be to redirect enquiries to the proper government and university authorities. This service has been popular with farmers in past years, and they are assured of the usual welcome this year.

The exhibit will be displayed at the following places: Swift Current, Estevan, Moose Jaw, Calgary, Yorkton, Regina, Humboldt, Vermilion, Vegreville, Lloydminster, North Battleford and Prince Albert.

**Summer Meeting  
Of Beekeepers**

The summer meeting of the Olds and district Beekeepers' Association will be held on the afternoon of July 3, at the Olds School of Agriculture.

Mr. E. H. L. Knechtel of Calgary has been invited to attend the meeting, and will speak particularly on queen rearing and requeening.

The moving picture entitled the "Realm of the Honeybee" will also be shown.

There will be a short business session, and if weather permits, the apiary will be visited.

**The Searle Index**

The Searle Index of the cost of things farmers buy (147 items) now stands at 157.1, (1913-14 equals 100). This means that these same things cost farmers of the West at the present time 57.1% more than did similar items of the same quality in 1913-14. (These costs have risen 19.1% since August 1939). The price of wheat is now 60.5% higher than it was in 1913-14. The purchasing power of a bushel of wheat is now, therefore, 102.2% of what it was in 1913-14.

**Lone Pine Notes**

Don't forget the picnic and dance at Lone Pine June 30, with Rocky Mtn. music.

Mr. Pat Spraggs and three daughters of Hythe, Alta., is visiting with his father, Mr. Albert Spraggs, and his sister, Mrs. O. Bittner, also renewing acquaintances in the district.

A good number of our institute members attended the W.I. convention in town last Friday.

Bill Jenkins, of Turner Valley, spent the weekend at his home here.

Mrs. Bella Camps, of Cremona, is visiting for a few weeks with her nephew, Mr. Sam Elliott.

Miss Jessie McCulloch entertained several of her little friends and her teacher at her birthday party on Sunday.

**"S" Day June 30th**

The theme for the day is "A 25 cent War Savings Stamp will buy 12 rifle bullets". With the invasion, ammunition, together with every other form of weapons and equipment required to accompany reinforcements, this slogan should be readily accepted by the general public. Stamp Day is stated to be a contribution towards re-equipment and a concrete indication of giving support. Many Albertans in all lines of business are giving time to plan for this occasion and make it an outstanding success.

**"Time Bombs"**

  5. Constructive criticism only
  6. Coolness in emergency
  7. Confidence in our leaders
  8. Co-operation everywhere
2. Don't think for a minute we're in this fight just to settle the question "Who is right?" It's the "What is right?" we should keep in view, and not the "why", or the "where", or the "who".
3. Unselfishness is the only voice which can change the conversation when money talks.
4. Nations must be fortified in mind and morals as well as with arms.

**ANSWERS for Victory Gardeners**

What Are Plant Lice That I Hear So Much About?

Plant lice is the term used commonly when referring to aphids. They are called plant lice because they cling to the plant like lice and live by sucking juices from the tender shoots, leaves and soft bark. They remain practically stationary after they once settle and give birth to young at the rate of 8 to 10 per day. These young are ready to do likewise in about two weeks. You can see how they multiply. Only the fact that nature destroys the aphids in huge quantity prevents their doing untold damage.

Where Do Plant Lice Come From in the First Place?

Plant lice or aphids have a peculiar way of starting their first generations in the spring. They hatch from eggs which have been hidden away on trash or in other safe places over winter. The first generation that hatches can fly and spread about on favorite vegetation. The next generations are born without wings and continue on their host plant, giving birth to new generations.

You can begin to see why we recommend clearing up the garden late in the fall or very early in the spring, burning all trash, leaves and other material that might be used as a hiding place for aphid eggs and other insect carry-overs.

Are All Garden Plants Attacked by Plant Lice?

Just as there are many kinds of butterflies so there are many kinds of aphids—they are even of different colors. Some are black, some rose colored, some green. There is an aphid for almost every plant you will grow in the garden, and every aphid is a heavy eater, or we should say a heavy drinker, for he is a sap sucker and feeds on

**Burnside Notes**

Due to the wet weather and damp roads, only a small crowd attended the Junior Red Cross dance at Burnside school last Friday night, but in spite of that, the affair was very successful. The school children conducted a cushion raffle and a fish-pond, much enjoyed by every one present. They had also made wood-work, and this, with many other articles donated by the ladies in the district, were sold by Fred Metz in his usual efficient manner. Due to his good work and the good sportsmanship of the crowd, everything sold very well. The sum of \$62.45 in all was raised.

Mrs. Clare Heron and Henry Campbell provided a fine meal which made the dance enjoyable for all. The cushion was won by Robert Cluny, and the chocolates by Gloria Schumaker.

Following their sale, Mr. and Mrs. Wm. Lyons, Howard and Norman Roy spent a few days at the home of Fred Metz and Mrs. Dowell.

Jimmie Miller spent the weekend at Pattersons, and attended the Burnside dance.

**Alberta Crop Situation**

The week ending June 17 report, supplied by the Alberta Wheat Pool, Calgary, states that crops "on the whole have improved as a result of recent rains. The precipitation, generally speaking, has benefited nearly every part of the province. It came just in time to prevent further deterioration in Southern Alberta crops, which suffered principally by lack of early moisture. The rainfall since then has been less than normal, and frequent additional rains will be required for an average yield.

Cutworms have caused some damage, particularly in Central Alberta, but their activity period is almost over. Grasshoppers have been hatching in Southern Alberta, but are reported to be well under control.

The average condition of Alberta's wheat crop is given at 90% of normal, and soil moisture now stands at 81% of normal.

MRS. JENNINGS had been just managing to keep her family going. But things were looking brighter at last. Now with the children able to help with the housework, she had applied for the post of school teacher : : and had been accepted.

But that meant she needed suitable clothes and clothes cost money.

She took her problem to the manager of her bank. On the strength of her ability and character, he arranged a loan of \$80. And so it was that she was able to take the position and greet her first class proudly. She paid off the loan after six months at a cost in interest of only \$2.40.

This is a true story. Only the name has been altered. It is typical of hundreds of human dramas in which the bank manager has been privileged to play a helping role.

War's requirements have increased immensely the work of banks and bank staffs. At the same time more than one-third of our experienced men have enlisted. Bank early. Pay small bills by cash. It helps.

OF THE WEEK****CUT SMALL  
PIG LOSSES**

We all know that losses among small pigs from anaemia... which is a lack of red corpuscles in the blood... are high during the winter months. Since this is due to lack of iron, many farmers feel that summer pigs are protected adequately from anaemia—for the pigs are outside, and get iron from the ground in which they root.

ACTUALLY... many summer pigs are anaemic. The practical, safe and inexpensive method of preventing losses is to feed either IRON SULPHATE or REDUCED IRON to ALL small pigs.

There's real economy, too, in feeding SHUR-GAIN HOG CONCENTRATE to hogs WINTER and SUMMER!

Fed on grain ALONE, a hog requires 1,100 pounds of grain from weaning to marketing. The SHUR-GAIN WAY... 50 pounds of SHUR-GAIN HOG CONCENTRATE will save you 400 pounds of grain for the same period. Not only do you save extra \$3.00 per hog, but with the prospect of feed grain shortage in Canada, this grain saving is a NECESSITY. ## LOCAL & GENERAL

Miss Mary Ringheim, of Turner Valley Telephone Staff, visited at her parental home over the weekend, returning on Sunday.

Plan to attend the dance at Rugby on Friday, July 7th, with the "Melody Five" supplying the music.

LAC Earl Erb, who is now at the R.C.A.F. Elementary Training School at High River, spent his weekend leave at his home here.

LAW Dorothy Barrett, of the R.C.A.F., at Hagersville, Ont., is home on leave. Dot is one of a very few girls doing aircraft repair work.

Piano Tuning! Virgil Goulson, having served Didsbury and district, will be in town in the near future. Leave orders at Pioneer office.

Bus service has now started between Didsbury and the Highway. Get in touch with V. O. Johnson, going south at 9:40 a.m., and going north at 9:30 p.m.

Stoker G. Underhay, of the R.C.N.V.R., of Halifax, is spending his furlough with the McCulloch families. For several months he has been on convoy duty in the Atlantic.

Word has been received from Mr. Joe Kyncl, who was wounded recently in Italy, that both his arms were broken at the wrist. He is progressing favorably.

Mr. and Mrs. Eddie Buhr, of Calgary, spent a few days last week at the home of the former's parents. Eddie is employed at the Meteorological Bureau at Calgary.

The Misses Lola and Muriel Devolin entertained a number of young friends Friday evening last. Dancing, games and a very dainty lunch was enjoyed by all present.

Miss Grace Garner, nurse-in-training at Galt Hospital, Lethbridge, came last weekend to spend a three-week holiday with her mother, Mrs. Jack Garner, and other relatives in town and district.

Raymond Arthur Young, formerly a resident of Didsbury, Alta., enlisted in the Canadian Active Army last week Wednesday at Calgary. Previous to his enlistment, he was employed as a creamery worker.

Here's something! There will be a Softball Tournament at Melvin on Wednesday, July 5th; and to complete the day, there will be a dance in the evening with H. Gardine's orchestra supplying the music. Fun for young and old.

## MUNICIPAL DISTRICT OF MOUNTAIN VIEW No. 280.

Public notice is hereby given that there has been introduced in the council of the Municipal District of Mountain View No. 280, By-Law No. 11, as follows:

A By-Law of the Municipal District of Mountain View No. 280 for the purpose of governing the running at large of Domestic Animals within the Municipality.

Under the authority and subject to the provisions of the Domestic Animals Act (Municipalities), being Chapter 91 of the Revised Statutes of Alberta, 1942, the Council of the Municipal District of Mountain View No. 280 enacts as follows:

**"All Domestic Animals are hereby prohibited from running at large at all times within the Municipal District of Mountain View No. 280."**

Copy of the same may be seen at each of the Councillors and in each of the following places:

A. BRUSSO, Secretary-Treasurer

Harry Monecy left Wednesday for Vancouver, where he will visit with his sister-in-law, Mrs. McColman, and his nephews and nieces. He will also attend the Pentecostal Conference to be held in Vancouver.

Mrs. Fluey, who has been attending the B.C. Grand Chapter of the Eastern Star, returned from Victoria on Saturday. Along with Mr. Fluey, who has been visiting here, she returned on Tuesday to their home at Dawson Creek. Enroute they will spend a couple of days in Edmonton.

Word has been received that Mrs. Elizabeth Edwards passed away at her home in Seattle on Friday, June 23d, at the age of 73 years. She is survived by 2 sons, David A., of Didsbury, and Leonard L., of Seattle; and two daughters, Mrs. Robt. Kennedy, of Seattle, and Mrs. H. D. Tremaine, of Portland, Oregon. Mrs. Edwards was formerly a resident of Didsbury.
